

ADDENDUM 1

RFB NUMBER:	TE1090 – I.D. Badge Printing Supplies
ADDENDUM NUMBER:	1
ADDENDUM ISSUED:	5/03/2019

I. QUESTIONS & ANSWERS

The following questions are as they were presented to Park Hill School District. The answers to said questions have been answered as completely and accurately as possible.

Q: If we are unable to supply a USB flash drive is there a place to send a PDF file? Will this disqualify from the bid if a flash drive is not submitted?

A: Due to sealed bid restrictions, we are unable to accept a PDF file. Omitting the flash drive will not disqualify your bid response.

Q: Could you verify the Mfg. part numbers for the following items?

Fargo HDP5000 ID Card Printer - dual sided, resolution 300 dpi, print speed up to 24 seconds per card, 3 year warranty	HDP5000	2	EA
Fargo DTC 1250e Card Printer/Encoder, single sided, resolution 300 dpi, Asure ID software, USB digital web camera, 3 year warranty, no subs	DTC 1250e	4	EA

A: The Mfg. part numbers included in the table are correct. The Fargo DTC 12050e Card Printer should be Asure ID compatible, we do not need to purchase Asure ID software as a clarification.

Q: DTC1250e: Ethernet? Magnetic or any Encoding? HDP5000: Lamination? Magnetic or any Encoding?

A: For the DTC1250e Card Printer we are asking for Ethernet connectivity. No magnetic stripe encoding is required. For the HDP5000 Card Printer we do not require lamination, or magnetic stripe encoding.
